

Family History Research *at* Crediton Museum

- ★ Do you want to research your family history, but are uncertain how to go about it? Uncomfortable with computers or unsure what records are available and how to interpret them? Perhaps a little intimidated by the Record Office?
- ★ Our volunteers will help you through the process. Records available to us cover most of the UK and many other countries world wide.
- ★ Although we require masks to be worn, if you are uncomfortable about working at the museum, we can carry out the research for you. The charge is the same if you live in our area (27 parishes around Crediton). Otherwise, the 'distant' rate below applies.
- ★ As well as Internet resources, we have an ever-growing archive of local documents, and a library of old large scale local maps.

The Research Corner is open from 10am to 1pm every Wednesday, and at other times by arrangement.

We charge £4 per hour, or you can buy a block of 10 hours for £30. We can also carry out research for distant clients, at £10 per hour.

For more information, email us on familyhistory@creditonhistory.org.uk visit our website www.creditonhistory.org.uk phone 01363 773919 (during opening hours) or 01363 773108, or just pop in for a chat when the museum's open.
