

# Family History Research *at* Crediton Museum

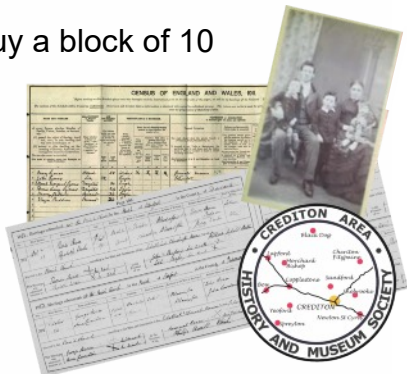

- ★ Do you want to research your family or house history, but are uncertain how to go about it? Uncomfortable with computers or unsure what records are available and how to interpret them? Perhaps a little intimidated by the Record Office?
- ★ Our volunteers will help you through the process. Records available to us cover most of the UK and many other countries world wide.
- ★ If you are uncomfortable about working at the museum, we can carry out the research for you. The charge is the same if you live in our area (27 parishes around Crediton). Otherwise, the 'distant' rate below applies.
- ★ As well as Internet resources, we have an ever-growing archive of local documents, and a library of old large scale local maps.

When the museum is open, the steward on duty will take your contact details and we will be in touch to agree a mutually convenient time to start the work. If the museum is closed you can either email us on [familyhistory@creditonhistory.org.uk](mailto:familyhistory@creditonhistory.org.uk) or by phoning 01363 774441.

We charge only £5 per hour, or you can buy a block of 10 hours for £40. We can also carry out research for distant clients, at £12 per hour.

For more information, visit our website [www.creditonhistory.org.uk](http://www.creditonhistory.org.uk)
